Venom travel team inquired about extending their season, after they were told the fields were closed it came to our attention that the fields at Cunningham Park had locks cut and the field was vandalized by someone driving on them.

We need a plan of action for next year for start dates and end dates so we don't have this issue again.

Proposal to the board for dates-what we will allow and accomplish

Travel teams should attend a board meeting and sign a contract stating start/end dates and submit financials for review and help with any financial costs throughout the year.
