

Effective August 1, 2026, NJ restaurants and food businesses will no longer automatically include plastic utensils, condiment packets, or napkins with your order. You will only receive them **if you ask!**

Prepare to Skip the Stuff!

1. Keep reusable utensils handy in your bag, car, or desk drawer!

2. Only request utensils and condiments that you will actually use!

3. Remember to check the box on mobile/online orders if you need them!

Why it Matters:

Less Litter

Less Waste

Save Money
